

Patterns Worksheets

Identify and extend repeating patterns • Ages 3–5

For Parents

- Start with simple AB patterns: red, blue, red, blue.
- Use real objects: blocks, beads, stickers, foods.
- Ask: "What comes next in the pattern?"
- Let your child create their own patterns.
- Move to ABB and ABC patterns when ready.

AB Patterns

Look at the pattern. Draw what comes next in the blank boxes.

Example:  What comes next?

ABB Patterns

These patterns repeat every 3 shapes. Fill in the blanks.

ABC Patterns

Each pattern uses 3 different shapes. What comes next?

Create Your Own Pattern

Draw your own repeating pattern in each row:
